Sharon Terry
Sunlight Saunas
14119 Marshall Drive
Lenexa, Kansas 66215

Dear Sharon,

It is a pleasure to write to you, in support of a quality product, with a great team that stands behind it. I feel confident in recommending Sunlight Sauna's line of far infrared saunas, Solo, and Solo Pads, to my patients, and in my lectures to audiences all over the country. I feel I would be remiss, in not mentioning sunlight's FIR products in any discussion about whole body detoxification. It is my belief, that one of the best long term health care investments any family, or individual could make is a far infrared sauna.

When I embarked on my search for quality and value in a far infrared sauna, it led me to an extremely reputable company, Sunlight Saunas. My experience has been nothing short of highly professional and supportive. The Sunlight Sauna is an excellent primary modality in supporting anyone's endeavor to reduce and combat the bio- accumulation of exogenous toxins, endogenous waste, stress management, immune enhancement, weight control, cellulite mobilization, pain relief, and has a phenomenal track record of success, here at my office.

As a primary health care physician, I encourage anyone, unfamiliar with far infrared therapy to explore the Sunlight Sauna's website and seriously consider purchasing a Sunlight Sauna product. A purchase you and your loved ones will enjoy and benefit from for a long healthy life.

Yours in good health,

Dr. Beth D. Glasser
